

# THE AURORA

\* Special Pull Out Section \*

## Championships

June 18, 2011

This years Silver Wolf was held at the Sand Hill Hall. This hall is about a 25 minute drive from Edmonton, just south of Spruce Grove.

### Highlights

There were around 250 people who attended

During the event, our new Baron - Reme the Burgundian, and his lady, our new Baroness - Divera della Cava stepped up.

Ogadi from Montengarde was knighted.

With the King and Queen of An Tir in attendance, there were a lot of awards given out, in all 3 levels.

The feast was a success with many of those who were on the waiting list being able to partake in it.

All of the Championships were well attended with several people in each discipline vying for the chance to become the new Borealis Champion.

Cora of Carlisle - Award of Arms

The week proceeding Silverwolf was raining, and the day of the event was no exception. It was a day full of rain, with very little break from it.

The archers were hardest hit with having to do their tournament shooting from a tent that had been erected to help keep both them and their equipment a little bit dryer. The Rapier and Heavy tournaments were fortunate that they could be moved inside as the merchants were all outside for the day.

The Archers had 19 people shooting in their tournament, while the rapiers had 5 fighting to become the new Baronial Champion. The heavies also had a good turnout of fighters going after the championship.

Joan the Just, Kisenia Nikolaeva doch' and a young man called Kay, who is 10 years old, all entered to become the new Baronial A&S Champion.

The Cooking Guild had planned on presenting a feast that would be in contrast to the weather, meaning a nice cool feast for a hot summers day. With mother nature not co-operating, they adjusted the dishes as they could to help warm up everyone's belly from the cold wet weather.

**A note from the outgoing A&S Champion**

*As the outgoing Borealis Arts and Sciences Champion, I just want to say THANK YOU VERY MUCH to all of the people who stepped up and helped me run this year's competition. I couldn't have done it without everyone who sacrificed their incredibly precious time to judge entries at what turned out to be one of the busiest events I've ever been to.*

*Also, thank you to the three brave souls who stepped forward and entered the championship.*

*Lastly, congratulations to Kisenia who won this year's Championship. I sincerely hope she receives the support next year that I did this year.*

*Again, you all have my gratitude!  
Onund.*
